

FC adapter Simplex SM square Type

Description:

Fiber optic adapter are used in fiber optic connection, the typical use is to provide a cable to cable fiber connection.

Application:

- ◆ Telecommunications,access network
- ◆ Optic fiber CATV LAN and Access Network

- ◆ Terminal of the devices multimedia
- ◆ Other industry and military applications

Features:

- ◆ Low insertion loss value
- ◆ Choice of housing and sleeve materials
- ◆ Stable capability and high relativity
- ◆ Excellent mechanical capability

Specification:

Test Item	Unit	Standard & Requirement
Model	-	FC adapter
Insertion Loss (dB)	dB	≤0.20dB
Repetitiveness (dB)	dB	≤0.10dB
Interchangeability (dB)	dB	≤0.20dB
Plug times	times	>1000
Tensile strength	G	200~600G
Operating temperature	Celsius	-25---+85 Celsius
Storage temperature	Celsius	-40---+110 Celsius
Humidity	Celsius	95%RH (Non-Packaging)
